## Activity (s)

### Application for driver's license

**Number:** 1

What do you need?

- your current driver's license
- 1 recent, very similar color passport photo.

You can collect your driving license after **five** working days. Category extension

If you have passed an extra category, you must renew your current valid driving license. You will then receive another copy for 10 years. **Pay attention!**

If you also have the category C / CE - D / DE on your driving license, then it will not be issued on the new driving license for 10 years after category expansion. These categories keep the original expiration date unless you have a declaration of fitness for these categories.
